SINGAPORE, Oct. 14, 2025 (GLOBE NEWSWIRE) -- Antalpa Platform Holding Company (NASDAQ: ANTA) ("Antalpa"), a leading institutional digital asset financing platform, today announced that its subsidiary, Prestige Wealth Inc., ("Aurelion") has completed the purchase of \$134 million in Tether Gold (XAU₮) at \$4,021.81 per XAU₮. Aurelion, NASDAQ's first Tether Gold (XAU₮) Treasury, began to trade under the symbol (NASDAQ: AURE) on October 13, 2025; it previously traded under the symbol (NASDAQ: PWM). The Company plans to be renamed to "Aurelion Inc.," subject to customary approvals.

On October 10, 2025, Aurelion completed \$150 million financing ("Aurelion financing"), which includes approximately \$100 million in PIPE proceeds and a \$50 million, three-year senior debt facility (the "Facility"). Antalpa led the \$150 million financing with a \$43 million PIPE investment and acquired controlling voting rights in Aurelion.

The Antalpa *Reserve 2.0* initiative began earlier this year through a pilot program to acquire \$20 million of Tether Gold (XAU₮). In early October, Antalpa announced a collaboration with Tether to launch the *Antalpa RWA Hub*, to increase access to tokenized gold. This follows Antalpa's anchor investment in Aurelion financing, which will allow Antalpa to grow its balance sheet and increase collateral resilience.

Gold has served as the ultimate benchmark of value for over 5,000 years, consistently providing a natural hedge against macroeconomic volatility and political uncertainty. With Aurelion committing to Tether Gold (XAU₮) as its sole treasury reserve, Antalpa aims to smooth volatility, preserve liquidity and increase collateral resilience, reflecting its long-standing management philosophy of risk management first. As part of Antalpa *Reserve 2.0*, management expects new business opportunities to emerge. For example, Antalpa can now offer Tether Gold (XAU₮) collateralized loans through the Antalpa Prime platform. Aurelion also plans to lend its unencumbered Tether Gold (XAU₮) to Antalpa as collateral and receive a technology fee in return. Antalpa will assume all default risk from funding derived from the borrowed collateral and lent to its end customers. In parallel, Aurelion will continue to offer its wealth management and asset management services.
