## Antalpa Announces \$10 Million Share Repurchase Program

SINGAPORE, Nov. 24, 2025 (GLOBE NEWSWIRE) -- Antalpa Platform Holding Company (NASDAQ: ANTA) ("Antalpa" or the "Company") today announced that its board of directors has authorized a share repurchase program of up to \$10 million of the Company's ordinary shares. The program will remain in effect through December 31, 2026.

"Antalpa has delivered strong operating momentum, with accelerating revenue growth, expanding margins, and growing institutional interest in our ability to leverage over-collateralization and other risk-management measures to provide clients with liquidity that helps them navigate crypto volatility. This performance gives us the financial flexibility to execute a share repurchase program that we believe will deliver more value to shareholders," said Paul Liang, CFO of Antalpa. "Our anchor investment in Aurelion (NASDAQ: AURE), a Tether-Gold-RWA-focused company, will help Antalpa build greater balance sheet resilience and enable Antalpa Prime to expand its loan offerings, including XAU $\bar{r}$ -backed loans that can help our clients better weather crypto market volatility."

The Company's proposed repurchases may be made from time to time on the open market at prevailing market prices, in privately negotiated transactions, in block trades and/or through other legally permissible means, depending on market conditions and in accordance with applicable rules and regulations. The Company is not obligated to repurchase any specific number of shares, and the Board will periodically review the program and may adjust its terms and size as appropriate.
